Two rolls of tape are shown. The roll in the foreground is white, and the roll behind it is red. Both rolls have a small piece of tape peeling away from the end.

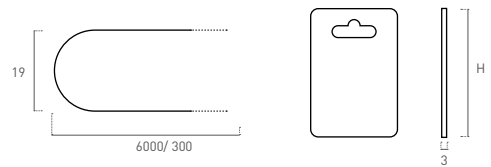

A roll of black, textured sandpaper or abrasive material, likely used for surface preparation or finishing. The material is coiled into a thick, circular shape, with the outer edge showing a fine, granular texture. The inner layers are a lighter, tan color, suggesting a cardboard or paper core. The roll is positioned diagonally across the frame.
